Weekly Product Showcase

July 30, 2010 — Stay up to date on the industry's newest products and services from these ISSA members.

Generation eXtractor

CFR Corp. introduces the **Cascade 20** carpet extractor from the "new generation" of CFR products. The Cascade cleans up to 8,000 square feet per hour, making it one of the highest rated extractors in its class when it comes to worker productivity. With its patented, moisture-controlled wand technology, it boasts rapid dry times. For more information, visit www.cfrcorp.com.

Cuts So Deep

MaxiRough putty knives from **Nexstep Commercial Products** feature high carbon steel blades, mirror-finish plating, and a riveted nylon handle with hanger hole. The knives are available in 1 ½-inch and 3-inch sizes and are rust resistant and solvent proof. For more information, visit www.ocadoarcommercial.com.

Cold-Blooded Killer

The **Kimtech** one-step germicidal wipes from **Kimberly-Clark Professional** are EPA registered and feature a new chemistry that quickly and effectively cleans and disinfects environmental surfaces, killing MRSA in 30 seconds and C. difficile spores in six minutes. The wipe combines the power of peracetic acid and hydrogen peroxide with a proprietary wiper treatment, which keeps the solution active over time. For more information, visit www.kimtech.com/usgermicidalwipe.

Lil' Bow Wow

The **Tornado Mini Bowser** portable range of cold water pressure washers, when used with the EMIS graffiti removal system, removes even tough graffiti with ease. The Mini Bowser is powered by either a Honda GX120 or GX200 engine, providing up to 15 minutes of washing time away from a water source. The machine comes complete with a self-cleaning filtration system, an integral hose reel, and chemical pickup. For more information, visit www.tornadovac.com.

Wipe Out!

Georgia-Pacific Professional introduces the **Brawny Industrial™** surface system with custom cleaning wipers. This wiper product allows end-users to combine their preferred disinfectant or sanitizer with Brawny wipers to create custom-made hard surface cleaning wipers. The sealed wiper bucket offers an alternative to traditional open buckets or spray bottles as it effectively helps reduce splashes, spills, and vapors. For more information, visit www.gppro.com.
